On hearing the verdict she astonished the court by exclaiming: "Thank God Almighty."

The city assessor is calling on the citizens of Richmond owning stock in National banks, no matter where located, to list same for taxation. This change in the assessment law is due to a recent decision of the supreme court of the U. S., whereby National bank franchises are held exclusively by city, county and State taxation. Hence, the stockholders must pay the tax on their individual holdings.—Climax.

Last week the Courier-Journal reported that Mr. Z. L. Samuels, of this county, who was in Louisville for the purpose of selling his tobacco, had mysteriously disappeared from that city and his friends were very uneasy about him. BOOKER WASHINGTON.

THE GREATEST NEGRO IN THE COUNTRY ADVISES HIS RACE TO VOTE DEMOCRATIC.

Prof. Booker T. Washington, answering the request of a prominent colored man in North Carolina as to what should be done to allay the present conflict between the races, clearly advises him to make alliance with the triumphant democracy. He says:

"I have been asking myself lately some rather serious questions and I want to put one or two of them to you. Is there any reason why the Negroes in the South should continue to oppose the Southern white man and his politics? Is this not the source of nearly all our troubles? Unconsciously we seem to have gotten the idea into our blood and bones that we are only setting a manly way when we oppose Southern white men with our votes.

In some way, by some method, we must bring the race to the point where it will cease to feel that the only way for it to succeed is to oppose everything suggested or put forth by Southern white men. This I consider one of our real problems.

I believe that there are thousands of white democrats in North Carolina who are 50 per cent better friends to the Negro than Gov. Russell, and I see no necessity in following Gov. Russell, who has no power to protect, or if he has the power, does not exercise it, rather than these other white men who can protect us if we cease to continually and forever oppose them."

SONG OF THE SHIRT WAIST.

Hark! the pipes of I'an are pleading—like a sweetheart interceding—in behalf of lazy fellows nowadays—for the proud and painted tulip—and the meek and minted julep—are a bloom again along life's arid ways!

Yes, it works a chap's undoing—when he knows that nature's wooling—from the uplands and the lowlands and the morn—When the noontide glows in splendor—when the nights are soft and tender—and the captivating shirt-waist reappears.

When the liver pad is wittling—and the lily pad is rilling on the breeze bedimmed bosom of the pool—When the riped nose comes pleasing—and the riped nose stops sneezing—and the boys play hockey from the bog!

It is lawful to be lazy—when each dear, old-fashioned daisy—breathes a message from the fragrant yester years—When the fields are sweet with clover—and (be still my heart!) moreover—When the airy, fairy shirt-waist reappears!

When the violet blossoms happy—on the coatlet of the chap—When we huddle out the old mosquito bar—When the riped nose holds weasall—in his honey-suckle castle—when the troubadour is tuning his castorb.

When that tired, transcendent feeling—into every heart comes stealing—sweetly persuasive, like a sunny maiden's voice—when, in short, all earth rejoices—and the immortal shirt-waist reappears!—New Orleans Times-Democrat.

In a letter to a Milwaukee paper, Col. Bryan says he has no authority to speak for the party, but in his opinion the democrat who comes back merely for the purpose of fighting against a reaffirmation of the Chicago platform will not lead the party to victory. Those who recognized their error in 1896 are not likely to insist upon prominence in party management until they have time to bring forth works meet for repentance. If they do aspire to prominence they will have to convince their associates of the sincerity of their purpose to aid the party in its fight against plutocrats. The only unwelcome guests are those who deserted in 1896 and still claim to be better democrats than those who remained in the party, and who demand the surrender of the Chicago platform as the price of their return.

Stone spoke at Owensboro Monday and the Messenger says: "Stone's arraignment of Hardin's course in the campaign of 1896, his charge that Hardin entered into a conspiracy with the pig-bugs to organize the convention, make the platform and get the nomination, was terrific and unanswerable; likewise his review of Hardin's record as a chronic office-seeker and as attorney general when he was responsible for the illegal payment of \$75,000 of fees to Max Harker, the brother-in-law of his cousin, Jim Helm, which the court of appeals unanimously declares was utterly unwarranted by law. Gen. Hardin says, 'the same counseling and will be at work attempting to frame the platform.' Who framed the platform of 1896? Helm, Duke, Lindsay, Abertson—the same crowd who are now industriously promoting Hardin's candidacy. They have headquarters in Louisville and are actively pushing Hardin as a candidate. Martyr! Who martyred you, Gen. Hardin? You made the platform yourself and then got off it."

THE warm weather of the last few days has put the gardeners to work while the farmers have gotten in every hour possible with their plows.

THE delinquent list appears again and that property bought by the county and State will be sold over May court day. A comparatively new law requiring the county clerk's oath was overlooked before, making a second advertising necessary.

MY opening of spring and summer millinery will occur Friday and Saturday, 14 and 15, when I will show the best and most carefully selected line of the latest and most fashionable goods to be had on the market. Come and see them. Miss Lucile Heazley.

A STRAIGHT tip has come to Mr. Isaac Hamilton that Lebanon Junction is to be abandoned as a division terminal and South Louisville used instead. In that event he thinks that Rowland stands a chance to be a terminal again. He says he will give the railroad \$500 to resurrect the town and knows several others who will do likewise.

JOHN HAUGH, son of D. A. Baugh, of this county, was pardoned by the governor of a jail sentence for carrying concealed weapons, found against him in days ago. He had trouble with Jas. Florence and shot at him when they met. The pardon was granted because he was not given to carrying arms and that it was only to protect his life that he had a pistol on this occasion.

THE following from the Louisville Commercial shows that the doctor who used to live here, has a long trip before him: Dr. John Mason Williams, who served as sanitary inspector in Cuba, has been ordered to the Philippines. On his return from Cuba some weeks ago, Dr. Williams resigned. His resignation was not accepted and he was ordered to the Philippines. He will leave immediately for San Francisco, where he will embark.

THE grand lodge of Knights of Honor in session at Louisville elected J. T. Funk dictator to succeed A. Offutt, of Lebanon. A. A. Warren represented the Stanford lodge and he was made chairman of the committee on charters. There are 112 lodges in good standing in Kentucky with 4,121 members. During the two years since last report 182 members have died. They paid into the treasury \$80,952.74 and their heirs got \$345,000. A. Miller, of Junction City, was elected grand guide and Mr. Warren grand sentinel. The fees of State officers were reduced, delegates' mileage cut from 4 to 3 cents and the per capita tax raised from 80c to \$1.

PLAY entertainments have been given at Wilton's Opera House that were more thoroughly enjoyed than the recent Tuesday evening of Miss Nannette Canilla Heun, assisted by Mrs. Mary Garrard Beazley. As an elocutionist Miss Heun is very superior as the several difficult numbers rendered evinced, while as a vocalist she is splendid. Mrs. Beazley is a virtuoso at the piano and is as much at home in solo as in accompaniment. They give a charming entertainment and fully deserved the prolonged applause they received after each number. A fairly good crowd was present and while the Presbyterian ladies did not realize a large amount they have the thanks of those who attended for being instrumental in giving them an evening of genuine pleasure. The stage was tastily decorated with flowers, &c.

THE fiscal court met Wednesday and after a discussion of the matter decided that it would try the supervisor plan for turnpikes a year at least. If the proper person can be employed at a reasonable salary, and Judge Bailey, Squire Coffey and Attorney Helm were appointed to see what a good man could be had for and report. It seems to be the general desire that Dr. Clifton Fowler be chosen and he can have the place if he will accept it. The reasonable salary, we learn, is agreed to be somewhere in the neighborhood of \$600 a year. County Clerk G. H. Cooper and the attorney were appointed a committee to buy tools for working the county roads, such as scrapers, spades, shovels, plows, picks, &c. The sale of the Hustonville pike toll-house near Stanford for \$100 to J. F. Cash and F. Reid was confirmed and the court adjourned to convene on call of Judge Bailey.

MT. VERNON.

Fred Kreuger's line kiln is now in full blast.

A sister of Squire Herron died near Hrothead last week.

A little daughter of Dick Sowder fell and broke her arm while leading a horse to water.

Dr. J. M. Williams came out Monday to say goodbye to the folks before starting to the Philippines.

The infant of Jack Hines, which has had an obstruction in the throat for two weeks, coughed up a bean recently and was immediately relieved.

The people are anxious to hear the decision of the Presbytery in regard to the school. The Christian church is strong enough to establish a school here successfully if the decision is not satisfactory.

It is said that the people of Brodhead have quarantined against the world. Three cases of small pox are reported from that peaceful town. Among numerous remedies cream of tartar is said to be the best.

Mrs. Mills will preach at the Christian church next Sunday. The church is prospering under his care. We learn that Mrs. I. M. Howell, who accomplished so much good here last year, is succeeding well in his new field of labor in Meridian, Miss.

We notice in the Christian Standard that the "Congress of Disciples of Christ" will meet in St. Louis, April 25-27. J. J. Haley, well-known here as essayist for Wednesday, subject, "The Scope and Significance of the Cry 'Back to Christ' in Modern Religious Thought."

The fine weather is hailed with joy by all. The soil is fertile enough to yield a bountiful harvest so we would advise the farmers to plant every available spot as the demand for produce will be great this fall. Even the pensioners ought to go to work and it will help Uncle Sam out.

The fires on the hillside last Tuesday night showed us how this town will look when it becomes a city and dwellings are placed upon all the hillside, while electric lights sparkle in the distance. But while waiting for the latter why can't the city fathers give the town a few street lamps? Surely the taxes are sufficient to fill this need.

Mr. and Mrs. Elmer Houk have gone to housekeeping at Maretsburg. Judge McClure took his first buggy ride Monday after several months' illness. Misses Ellison and Barnett, of Somerset, visited Miss Sallie Carmichael this week. The W. C. T. U. will meet at the Miller House Saturday with Mrs. Chas. Forrester. A. J. Fish is traveling for a vinegar house. Mrs. Dr. Will Brown is the guest of Mrs. G. W. McClure. Rev. G. W. Wheatley has been engaged to preach at the Baptist church once a month. J. P. Lechleiter offers his handsome two-story house for sale. J. W. Landman is in Louisville attending court and Mr. Pettus is agent of L. & N. during his absence. L. L. Jarrett is shipping speck along the line. W. C. Mullins was the guest of W. J. Sparks Monday. J. W. Nesbitt, who has been in the stove business here since 1881, expects to ship large quantities of stoves from this section this year. Mrs. Franklin will have her spring opening of millinery tomorrow. J. W. Brown has been appointed by the trustees to ascertain the financial standing of the town. Judge Fish is all smiles since the return of Mrs. Fish and children from a protracted visit to Williamsburg. Jack King and Miss Abba Logan Brown will teach the public school this year. L. W. Bethurum has been quite ill. Jack Adams, Sr., is recovering from a severe attack of grip. Mrs. Ed Woodall, of Hazel Patch, visited friends here this week.

REMARKABLE RESCUE.

Mrs. Michael Curran, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs, she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and in her delight found herself relieved from first day. She continued its use and after taking six bottles found herself sound and well, now does her own housework, and is as well as the ever was. Free trial bottles of this Great Discovery at Penny's Drug Store. Only 50 cents and \$1, every bottle guaranteed.

At Macine, W. Va., twins and a single child were born in the same house the same day. To make one of the fathers think he had been presented with triplets they were all dressed alike and put in one bed. The joke had the desired effect, but now the mothers can't even tell the children apart and it will remain a case of guess work with them.

LEAD INHIBITION. Is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. Twenty-five cents at Penny's Drug Store.

Idle Hour, the Vanderbilt palace on Long Island, where Wm. K. Vanderbilt, Jr., and his bride were spending their honeymoon, was destroyed by fire.

WEAK EYES ARE MADE STRONG. Dim vision made clear, eyes removed and granulated lids or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee. For sale at Penny's Drug Store.

The quotation on April 1, 1899, for the four per cent. bonds which mature in 1907, which represent considerably more than half of the public debt, was 113. The banking profit upon circulation upon these bonds under existing law, after allowing for the costs of issuing the notes and the redemption fund required by the treasury, is only a little more than a third of one per cent. This is the percentage of profit above what the banks would earn by the direct loan of the capital invested in the bonds.

BISMARCK'S IRON NERVE

Was the result of his splendid health. Indigestion, biliousness, nervousness, headache, dizziness, loss of appetite, and all the ailments of the system, were cured by the use of Bismarck's Iron Nerve. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at Penny's Drug Store.

I have four good jacks ready for service that I will sell, trade or farm out. J. W. Givens, McKinney.

Baron Heyl, of Germany, bought of Shelby Harbison, of Lexington, a pair of elegant driving horses for \$1,500. They will be shipped to Berlin.

A government statistician says that winter wheat is below the average, while the loss of farm stock by reason of weather conditions was greater the past winter than for many years.

A freak of nature was born on the farm of Newt. Nickell, near Ezel, in Wolfe county, one day last week. It was a calf without eyes or tail, though developed in all other respects.

The descriptions and pedigrees of Hon. B. B. King's jacks, Hero and Jumbo, appear in this issue. Read them. The premiums offered on the get of Sambo and Jumbo will be awarded Sept. 2nd.

Alex McMakin sold to Frank Offutt 17 picked young mules at eight cents per pound. The mules weighed 615 pounds each—bringing nearly \$50— which is said to be a pretty good price.

The Kentucky Tobacco Growers' League, which was organized at Lexington last December, has gone to pieces. The growers failed to take much interest in the organization, and the directors became tired of putting up money for its expenses.

In our peregrinations through the greater part of the bluegrass section, this week, we noticed that the farmers were making up for lost time with their plows and that nearly every field contained from one to a dozen teams turning the soil under. There's plenty of time yet for a big crop.

E. E. Patterson will put in nearly 100 acres of cow peas and soja beans this spring. He tells us he finds that they not only make better feed for cows, sheep and hogs than corn, but at the same time act as a fertilizer. Mr. Patterson is a farmer after the "Eastern order" and our farmers might profit by observing his methods.

At Faulconer's sale, Danville, J. B. Owens sold a bay gelding for \$100; G. S. Carpenter a grey for \$90; W. C. Greening a Naboth gelding for \$190; W. M. Dodd three horses at \$75 to \$150. F. Reid bought a weanling colt by Dr. Hooker for \$100. John Steele Carpenter sold privately a Chester Dare mare for \$190.
